Changing Schools

Catherine Connors - 2022-10-04 - My Binogi Account

To change your school assignment on [Binogi.ca](https://binogi.ca), select the "gear" icon in the upper right hand corner of the webpage and scroll down to "School and Class".

Type the name of your school in the field next to "School". As you type, a list of school names should appear in the dropdown menu. Select your school.

Using the drop down menu, select your "Class". Be certain to click "Save".

When you have saved your new school and class, you will receive a message telling you that need to be "accepted" at the new school.

The final step is for your teacher to "accept" you as a student at your new school. Teachers can manage user requests on the teacher site of [Binogi.ca](https://binogi.ca).
