Monitoring comprehension

Catherine Connors - 2022-07-18 - General

There are three quizzes for most video lessons. Quizzes 2 and 3 are more challenging than Quiz 1. The second and third quizzes are locked until the first quiz is successfully completed. For each quiz, there are 2 green hearts. If you answer a question incorrectly, you will lose a heart.

If you answer 2 questions incorrectly, you will be bumped back to the video so you can watch it again to improve your comprehension.
